

BIC 2000cc Challenge 2019/2020
Bulletin No. 2

13 November 2019

The following amendment to the “BIC 2000cc Challenge 2019/2020” Technical Regulations are to take immediate effect and are approved by the National Sporting Commission of the Bahrain Motor Federation.

Key: Deleted text: ~~crossed-out text~~
New Text: **Highlighted and underlined**

- 6.2.2. Interior:** Standard dashboard may not be removed. The trimmings situated below the dashboard and which are not parts of it may be removed. It is permitted to remove the parts of the center console, provided that empty area(s) are neatly covered. The instruments are free. However, the installation should not present any risk. Standard switches may be replaced by switches of different design and may be fitted at different locations on the dashboard or on the center console. Any openings that result from this must be covered. ~~The turn signal control must remain in its original location.~~
- 10.1. Exterior lighting:** brake/stop lights, indicators and headlights, either full or dip beam, must work and be clearly visible to other drivers. Lights must be taped **or laminated with clear film** for added safety.
- 6.1.3. a)** Fog, spot, or auxiliary lights may be removed as may any manufacturer provided ‘knock-out’ panels below front bumpers for the fitting of auxiliary lights and the apertures may be used for ducting. A maximum of five holes of up to 50mm diameter each or equivalent area if not circular, may be made in the bodywork below the top line of the front and/or rear bumpers and may be used for ducting. Headlights, sidelights, and indicators must remain as standard **pattern**. Bonnet may be modified to include one or more intake/cooling ducts, covering a total surface area not exceeding 297mm x 420mm (A3 paper), and the height of which must not exceed 100mm above the bonnet.
- 6.1.3 c)** Bonnet and rear hatch locks/latches must be removed along with any auxiliary latch; the bonnet and rear hatch must be fitted with surface mounted securing pins. At least one (1) windscreen wiper **arm/blade** ~~arms/blades~~ must be fully functioning. Tailgate wiper and mechanism must be removed. Front washer systems may be removed.

14.1. **Permitted options:** Standard road legal DOT and/or E mark tires with treadwear rating of 140 or above. Drivers are advised to seek the approval of the organizer prior to acquiring tires or forego the risk of denial of entry into the round.
